From: James H. Cornell Jr., DCP 18 (1SR)
To: COMO Charlie Sferra, DCO (1SR)s
Via: Harold Marschall, RCO SEC LIS S
Subject: DIVISION 18 BRIEFING

1. The last couple of months, we set the ground work for Division 18 in 2006 and now it's time to put my plans in action. Our first meeting was held prior to the new board and staff taking office.
2. Division 18 has created a Flotilla Detachment linked to Flotilla 18-6 and it will be located between, Hampton Bays and Southampton. The name will most likely be Hampton Bays Flotilla 18-06. Plans are underway to recruit into this detachment.
3. Division 18 will sponsor the AUXLAMs course early April 2006. We haven't received acknowledgment yet. It will be open to all interested members. AUXLAMs is the Leadership and Management School.
4. Short and long term planning are underway with OSC's, workshops, Staff Officer Road Shows, SAREX, and other training exercises are being planned.
5. Most likely, we will conduct an Open House at SFO Moriches. The tentative date is set for the first day of Safe Boating Week.
6. Division 18 is excited about the Sector changes on L.I, and welcomes it with open arms. In particular, Flotilla 18-6 because it is their home and because it could open doors for the Flotilla.
7. Plans are underway for an Open House at Station Shinnecock. Last years Open House was very successful, we plan on this years being just as successful. The tentative date is Saturday 10 June 2006.
8. New Member enrollment and retention is our focus for 2006. We will recruit for all flotillas not just for the detachment.

HONOR – RESPECT – DEVOTION TO DUTY

JAMES H. CORNELL JR.
